

Happy New Year
2025

Dr. Sangeeta Bhatia
Principal | KIIT World School Delhi

From the Principal's Desk: THE GIFTS OF 2024

Dear KIIT Family,

KIIT's 60th anniversary is round the corner.

2024 marked the 59th year since KIIT World school (formerly New State Academy) was founded. Every year since 1965 we have committed ourselves to shaping joyful and secure futures for thousands of children. Today, I reflect with pride on our legacy of nearly six decades: **each year has taken us closer to achieving our vision and your aspirations.**

2024 is no exception and we share glimpses of the year gone by. Today, as the year comes to an end, it stands out for four gifts that it brought to us.

GratITUDE: As we enter a new decade in our story, there is gratitude that **KIIT has built its name**, be it in scholastics, co-scholastics, global connect, governance. We warmly appreciate our mentors and leadership, teachers, staff, students, parents, alumni, CBSE & statutory bodies for supporting us to be at the forefront of K12 education.

ImPROVEMENT: We often introspect on how we can better ourselves, and are deeply conscious of the responsibility that our legacy bestows on us. **2024 has seen us grow in every dimension.** We have invested in the development of teachers, upgraded our campus, and offered students unprecedented perspectives and exposure.

FULFILLMENT: There is a word in Hindi that goes beyond fulfillment. उभय कृप्ति (Ubhaykṛti) is shared fulfillment that captures the true spirit of giving. The satisfaction of what we receive finds meaning when it is shared among others. 'Ubhaykṛti' with many opportunities to engage and give back is among the finest gifts of 2024.

TRADITION of education: The past decades have prepared us for the times ahead. As India steps up to new ways of education based on the NEP 2020, we value our long tradition of innovation in teaching and learning. In 2024, we believe the time has come when **our heritage will serve us to emerge as leaders of India's new-age education.**

I wish you and your families a glorious 2025 and an ever-better future.

Dr. Sangeeta Bhatia
Principal, KIIT World School Delhi

MILESTONES OF 2024

KIIT World School: The pride of North-West Delhi

KIIT World School has consolidated its reputation as the hub for academic and co-scholastic activities in the region. Each event held at the school is a collaboration in the true sense, engaging the government, KIIT as organising school and many eminent institutions and individuals to build an environment of inspiration and excellence.

In 2024 we have hosted:

- **CBSE Regional Level Science Exhibition**, a two-day event showcasing the innovation and creativity of young minds.
- **World Students' Day** under the aegis of the **Delhi State Science Teachers' Forum**.
- **Zonal Swar Music and Percussion** events, where students displayed their passion for the arts.
- **Zonal Rope Skipping Competition** that showcased strength, agility, and stamina through intricate skipping routines.
- The **CTET examination**, serving as City Coordinator based on our reputation for professionalism and reliability.

True to its vision, the school offers a platform to engage with the world. We are honoured to have been selected to host these prestigious events.

KIIT and Happy Hours School are one!

Early Childhood Care & Education (ECCE) lays the foundation of academic achievement. KIIT children move smoothly and easily from play and early years to Grade III, to senior school in Grade VI and into Grade IX for the last four years of schooling.

In 2024, **Happy Hours School** was given a new name - **KIIT**. The idea was to capture the essence of our education as a continuous flow from primary right through to secondary and higher secondary learning. Curriculum, pedagogy and assessment are designed to make sure that learning at every level is strong, and students are ready in every way for a new class.

Through coordinators at five levels,
we integrate learning between
each class.

Grades IX & X: **Garima Butani**

Grades XI & XII: **Puneet Khurana**

Grades VI to VIII: **Manreet Kaur**

Upto Grade II: **Manpreet Kaur**

Grades III to V: **Karishma Khosla**

One more step towards sustainability: A Green Wall!

KIIT continues to be a green, eco-friendly campus and we are proud of every step towards a more sustainable world. In 2024 the beautiful and environment-friendly green wall of plants is the first-of-its-kind initiative among schools. Made of **1800 plants**, our green wall extends **75 feet** along the front boundary wall near Gate No. 3. Living walls produce oxygen, reduce AQI and bring down air pollution. The boundary wall has also been decorated by green Warli paintings created by students and teachers, reflecting the craft of Maharashtra.

Himanshi: making dreams a reality

Himanshi Mishra, is a champion of JEE Mains 2024 with an outstanding score of 99.9959801. As the **national topper in Plan B**, she breaks stereotypes, proving that the IIT is not just for a few from elite schools.

Himanshi's unwavering focus and discipline were impressive. At KIIT World School, she asked for unusual support and unique focus, confident in her belief that **each student will be guided in the way that is right for them**. Finally, Himanshi's hard work, the aspirations and values of her family and KIIT's practice of personalised education, all came together to craft her spectacular achievement.

Himanshi's journey is a true inspiration, proving that any goal can be reached, and dreams can become reality. Join us in congratulating Himanshi who stands for aspiration and achievement, grounded in education that recognizes each student as one-of-a-kind with special talents and possibilities.

The KIIT family wishes you, Himanshi, the ability to realise all your dreams!

CBSE Exams: Our average stands at 84.1% in Grade XII

We are delighted to announce the outstanding performance of Grade XII students in the CBSE board examinations for the academic year 2023-24.

- **Saksham Aggarwal** and **Dhruv Sharma** achieved an impressive 491 out of 500 marks leading all Grade XII students to their impressive results.
- There were perfect scores of 100 by **Himani Dhaka** in Psychology and **Dhruv Sharma** in Business Studies.
- **695 distinctions were earned by 155 students.**

Every year, more and more KIIT students achieve distinctions in subjects and higher overall scores. It is not about one topper at KIIT World School: we discover, support and recognise the potential and possibilities within each child.

Congratulations to the Class of 2024!

DEAR: DROP EVERYTHING AND READ

One of the things we truly value at our school is **DEAR: Drop Everything and Read**. It's a special time when everyone, whether with a paper book or a Kindle, takes a break from their regular activities to enjoy quiet reading. The practice encourages students to develop a love for books and reading. Our library, too, hosts a variety of fun activities that help spark student interest in books and reading. Students explore new worlds, and discover the joy that comes in the company of a good book.

Regional Science Exhibition

On 2nd and 3rd December 2024, we had the honour of hosting the **CBSE Regional Level Science Exhibition**. The event brought together **121 schools, including 10 international institutions**, to share projects on the theme of "Science and Technology for a Sustainable Future."

The exhibition was graced by **Dr. Sanyam Bhardwaj, Controller of Examinations, CBSE**, who along with several distinguished experts, judged the projects and encouraged students. The chief guests were **Mr. Vikas Kalia**, Regional Director Central, North, Awards Branch, Patrachar Vidyalaya, NIOS Projects, Mental Health and various committees in DOE and **Mrs. Satpal Kaur**, Regional Director CBSE (Delhi West). Projects on natural farming, waste management and disaster relief came alive, showcasing a passion to solve real-world challenges.

The event began with a dance performance that symbolised the delicate balance between humans and the environment, setting the tone for the proceedings. Dr. Bhardwaj's inspiring address, where he shared fond memories of his own school days and encouraged students to think creatively, left a lasting impact. As the event concluded, its true success lay in the exchange of ideas and the shared commitment to a sustainable future.

MVPP Winners 2024

Four of our students, **Abhinav Jha, Swayam Garg, Shaurya Harish Dhupar, and Romit Chugh** were awarded the **Mukhya Mantri Vigyan Pratibha Pariksha 2024** conducted for students of Grade IX. The Mukhyamantri Vigyan Pratibha Pariksha, awarded to 1000 students, is a scholarship exam conducted by the **Science Branch of the Directorate of Education in Delhi**.

Science Debate

Bhavuk Gandhi of Grade XII won First Position in the Science Debate at the Centre Level displaying exceptional oratory skills and scientific insight.

Diya and Puranjay of Grade VIII bagged First Position in the Science Exhibition, impressing everyone with their innovative project and creativity!

From Anger to Happiness

The members of the Happiness Club, under the guidance of the school counsellor, conducted a workshop on **Anger Management and Mindfulness** for students of classes VI to VIII. Students learned practical techniques to **recognise and control their emotions**, helping them respond to difficult situations with calm and focus. The session provided students with useful tools to handle anger in daily life, and also encouraged them to practice mindfulness as a way to mental clarity and emotional well-being.

Aap Beeti Marathon

The 5th Aapbeeti Marathon saw enthusiastic participation of KII Tians from classes VI to XII, as they ran a strenuous 8-km stretch. The event focused on **physical stamina and endurance**, encouraging students to commit to fitness, all while fostering a sense of unity and school spirit.

Menstrual Health and Hygiene

Young girls received accurate information and practical guidance on managing menstrual health at the Menstrual Health and Hygiene Workshop for students of classes VI and VII. The session covered essential hygiene practices, such as proper disposal of sanitary pads, the use and care of reusable pads, and the importance of washing hands.

The workshop created a safe space for students to ask questions and discuss their concerns openly, helping to clear doubts about menstruation, making them feel prepared and supported in managing their health.

Healthy habits like eating iron-rich foods, staying hydrated, and avoiding junk food support well-being of the girl child.

Anaemia Detection Camp

The school hosted an Anaemia Detection Camp for its teachers, organized by Bharat Vikas Parishad. The initiative aimed to raise **awareness about anaemia and promote early detection and treatment**. Teachers underwent a series of diagnostic tests including haemoglobin level checks conducted by a team of qualified healthcare professionals.

Nutrition Week

At the Nutrition Week Food Festival, parents and students came together to create culinary magic, crafting nutrient-packed dishes with love and creativity. The event was a celebration of healthy eating, as families explored the **joy of cooking while learning the importance of nutrition**. From vibrant salads to wholesome treats, the festival was a flavorful journey towards better health and togetherness!

Learning the Korean Way

A cultural exchange program with the **Korean Cultural Centre India (KCCI)** immersed our students in **Korean art, music and traditions**. The interactive sessions that included learning about traditional Korean attire, Hanbok, and Taekwondo are a way to foster **cross-cultural understanding**.

Music for Creativity Playshop by Mark Dodsworth

"**Confluence of Mellifluous Rhythms and Erudition**" led by **Mark Dodsworth**, Director and Co-founder of RedZebra from South Africa, along with Mr. Manbir Bedi and Ms. Neetu Bedi brought together educators and parents to explore how music and play can enhance learning and creativity.

The heart of the playshop was how to use music to bring harmony to chaos. Participants experimented with different musical instruments, discovering how various rhythms and sounds could come together to form a cohesive symphony, learning how creativity, collaboration, and innovation can transform challenges into opportunities just as music unites different notes into a beautiful composition. The workshop also featured a structured approach to foster creativity through divergent thinking.

A virtual engagement with Germany

Our students had an opportunity to interact with their peers from Germany on the topic of Happiness. Students from **Grundschule Süd Puchheim School** and **KIIT World School** shared their thoughts, experiences, and cultural perspectives on what happiness means to them. The exchange strengthened the partnership between the two schools, and highlighted the importance of well-being and positivity as life lessons.

SPECIAL DAYS & ASSEMBLIES

Learning comes alive as students experience the world through our hallmark Assemblies.

World Students' Day: The Power of Science

Honouring the legacy of Dr. APJ Abdul Kalam, KIIT World School celebrated World Students' Day under the aegis of the Delhi State Science Teachers Forum.

A spirit of curiosity, innovation and creativity came alive in a collaborative event as students from various schools exhibited their project work. Distinguished guests, including renowned scientists and educators, joined in to encourage students and inspire them to push their boundaries in service of the nation.

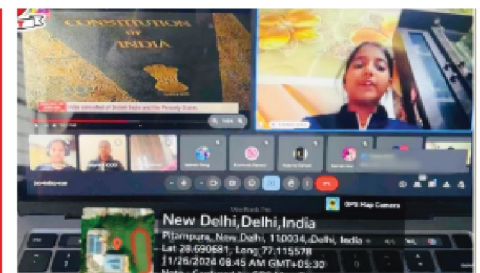

Celebrating Children's Day & Teacher's Day!

We never miss an opportunity to celebrate our children or teachers the very heart of our community

National Constitution Day

Our students honoured the spirit of democracy, reaffirming their commitment to the values of justice, liberty, equality, and fraternity. They learnt about the architects of the Constitution, deepened their understanding of its significance and were inspired to uphold it in their daily lives

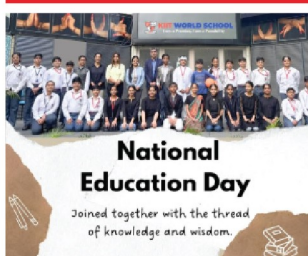

P.V. Sindhu's Birthday

India's spirited Olympian stands for resilience on road to achievement, emerging as an icon for women across India. Badminton match among senior students saw us honour the champion.

National UFO Day

In an exploration of the mysteries of the cosmos, the subject of Unidentified Flying Objects and their impact on science and pop culture fascinated children.

National Education Day

Our students led a thoughtful assembly on National Education Day, focusing on the theme "Inclusive, High-quality Education."

World Statistics Day

Graphs, pictographs and pie charts are used to analyse different types of data. In a data-driven world, students learnt about statistics and data interpretation through a quiz.

SPECIAL DAYS & ASSEMBLIES

Investiture Ceremony

The Investiture Ceremony marked the induction of the newly elected **Student Parliament**. The event was graced by **Sadhvi Pragya Bharti, Ms. Geetika Sharma, and Mr. Ajeet Singh**. Student leaders proudly received their badges of office, a symbol of their responsibility & commitment to their school community. As the badges were pinned, the students felt a deep sense of responsibility & honour. In her address, Dr. Sangeeta Bhatia spoke passionately about the crucial role young people play in shaping the nation's future, urging them to embrace their responsibilities and contribute to society with integrity & vision. Her inspiring words left a lasting impact on all who attended, reminding them, the youth hold the key to the nation's progress.

Youth Parliament

As students debated the "Right to AI and Digital Ethics Bill, 2024" in our Youth Parliament, we were seeing the parliamentarians of the future.

KIIT Primary's Tribute on Vijay Diwas

Vijay Diwas was commemorated through a Special Assembly, that remembered the courage and sacrifice of our brave soldiers. Primary school students paid a touching tribute to our nation's heroes.

Cancer Awareness Day

Cancer Awareness Day, focussed on **life sciences and biology**. Students shared crucial information on cancer prevention and causes through an impactful role-play.

World Tsunami Awareness Day

Students shared interesting facts and trivia on themes around sustainability, climate change and conservation. Assembly included a powerful video on the damage caused by natural disaster.

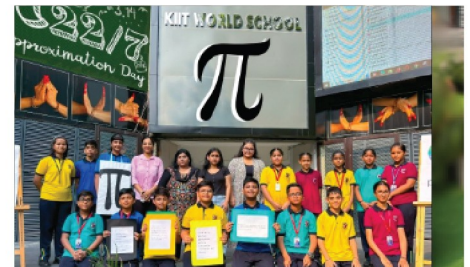

International Chess Day

The game of chess came alive through an exciting role play. Dressed as chess pieces, they skillfully enacted the movements of pawns, rooks, knights, queens, and kings, offering lessons in **strategy**.

International Mango Day

The vibrant and delicious Mango Day assembly was a delightful celebration of the "king of fruits." Students presented an array of mango delicacies that left everyone craving for more.

Pi Approximation Day

Pi Approximation Day was an exploration of the world of mathematics!. Students explored the significance of Pi (3.14), its importance in geometry, and how it helps us understand circles.

WORKSHOPS

IBM Skill Build Event

Our students, **Vanshika Singhal** and **Tanisha Vig** from Grade IX, participated in the prestigious IBM SkillBuild event, where they presented their innovative model "SATARK."

The event focused on "Skilling for the Era of Emerging Technologies" and explored how India can address the growing job gap in crucial sectors like artificial intelligence and cybersecurity. Their project received immense appreciation from the expert panel, which included notable figures like **Mr. Sandip Patel, Managing Director of IBM India & South Asia**, **Ms. Lata Gautam** from the **Ministry of Labor and Employment**, **Dr. Biswajit Saha, Director, CBSE**, and **Dr. M. Jayaprakashan, CEO, Tamil Nadu Skill Corporation**.

International Career Fair

Students of classes XI and XII participated in an educational fair to explore higher education and career pathways, both in India and abroad. They interacted with representatives from prestigious universities in the United States. Institutions such as Radford University, West Virginia University, San Mateo Colleges of Silicon Valley, Boise State University, and George Mason University presented and guided students on pursuing higher education abroad.

Students gained a valuable perspective on academic programmes, admission processes, scholarships, and life on campuses as they seek to make informed decisions about higher education.

Capacity Building Program on AI

At a Capacity Building Program on Artificial Intelligence, **Mr. Debasish Mohanta**, Manager (Technology and Innovation) at Learning Links Foundation, our teachers learnt about the evolving world of AI and its applications, picking up essential skills for the future.

CUET Workshop

Senior students learnt about the Common University Entrance Test (CUET), that is now accepted at Central Universities and various State Universities with an experienced career counsellor. Diverse career paths, including Law, Fashion Designing, and Mass Communication, and professional entrance exams like CLAT helped them know about their future choices - all while gaining useful tips about preparing for these exams.

AWARDS & ACHIEVEMENTS

The prestigious **CFORE School Excellence Award** ceremony, organized by the Centre for Forecasting and Research (CFore), recognised KIIT as 29 in Delhi among India's Best Day Co-Ed Schools and at an impressive 79 nationally.

Ranked #10 in India, #2 in New Delhi under the Category Top 20 CBSE Schools in a survey by Education Today.

Reading Torch Award presented at a prestigious award ceremony by Dr. Deepak Vohra, Hon'ble Ambassador is a testament to the school's outstanding commitment to fostering the love of reading among students.

Recognized as the "Most Reputed School" and ranked No. 1 in New Delhi for academic reputation by **Education Today**.

Dr. Sangeeta Bhatia, has been selected among the '**50 Effective Principals – 2024**' and as part of the "Dynamic Duo" with Vice Chairman, Dr. Harsh Vardhan.

Recognised as 'The Most Innovative School' by **Business World Education**.

The Excellence in Curriculum Enhancement & Inclusion Award conferred upon the school by **Indian Express Group**.

Secured 3rd rank in the prestigious Times School North Delhi Leader Ranking.

SCHOOL REPORTS
KIIT World School, Pitampura, hosts 2-day CBSE regional-level science exhibition with enthusiasm

KIIT World School, Pitampura, hosted the two-day CBSE regional-level science exhibition last week, providing an inspiring platform for young minds to showcase their ideas and innovations. The chief guest of the event was Dr. Sangeeta Bhatia, Director of Education, Delhi University, who inaugurated the exhibition by lighting the traditional lamp.

The exhibition showcased a wide range of projects, from innovative models of renewable energy to cutting-edge research in artificial intelligence. The students' creativity and enthusiasm were evident throughout the event.

Dr. Sangeeta Bhatia, in her address, emphasized the importance of science education in shaping the future of the nation. She encouraged the students to continue their pursuit of knowledge and innovation, and to use their skills to solve the world's problems.

The exhibition was a great success, and it was a pleasure to witness the students' hard work and dedication. We are proud of the achievements of our students and look forward to their continued growth and success.

Finding Your Career Balance: Passion, Skills, and Financial Sense

In the past, career paths were relatively straightforward, often revolving around a few well-established professions like engineering or medicine. Today, however, the career landscape is vast and varied, offering everything from Space Lawyer to Social Media Influencer, which can make decision-making both thrilling and daunting. Picture the challenge of choosing a movie on Netflix; now, apply that complexity to career choices. For instance, a student who initially aimed to be a professional pianist found a through career consulting that his true passion lay in game design. This highlights a crucial lesson: students must dig deeper into their true interests rather than settling for first impressions.

SCHOOL IS COOL
Educators from KIIT take part in National teachers conference

Teachers from KIIT World School, Pitampura, participated in the National Teachers Conference, which was held in a grand hall. The conference was organized by the Ministry of Education, Government of India, and it provided a platform for teachers to share their experiences, learn from each other, and gain valuable insights into the latest trends in education.

The conference was a great success, and it was a pleasure to witness the teachers' enthusiasm and commitment to their profession. We are proud of the dedication of our teachers and look forward to their continued growth and success.

Our Founder Chairman Shri Baldev Raj Kamrah has been honoured with a Lifetime Achievement Award by Federation of Public Schools for his invaluable contribution to education spanning over 65 years!

The Federation of Public Schools has honoured Shri Baldev Raj Kamrah with a Lifetime Achievement Award for his exceptional leadership and dedication to the field of education. Shri Kamrah has been a pioneer in the field of education, and his contributions have been invaluable to the growth and development of the education sector.

The award ceremony was held in a grand hall, and it was a pleasure to witness the honouring of Shri Kamrah. We are proud of his achievements and look forward to his continued contribution to the field of education.

Our State Level Champions

Dewang Vig & Bhavuk Gandhi of Grade XII secured **2nd position** in the **English Debate Competition**, showcasing their confidence, eloquence, and sharp reasoning skills.

Vaishnavi Gupta of Grade XI won **3rd position** in the **English Slogan Writing Competition**, impressing everyone with her creativity and language skills.

Our students shone at the **17th Delhi State Thang-Ta Championship 2024**, securing an impressive tally of **7 Gold, 4 Silver, and 11 Bronze** medals.

Our talented **Drama Troupe** clinched **third position** at the State-Level **Kala Utsav**!

Sustainability

Kushagr Soni and Ayush Chahar of Grade VIII won the prestigious **'Best Out of Waste'** Contest at the **Sri Sathya Sai International Centre, Lodhi Road**.

Elocution

Aesha Kashmiri, Grade XII and Vridhi Bajaj, Grade XI were felicitated at the **FICCI CASCADE Elocution Competition** and won the **Special Jury Award** in **Jingle Writing Competition**.

NCC, the National Cadet Corps

Twelve of our NCC cadets underwent the life-changing **10-day Combined Annual Training Camp** at the NCC Bhawan in Rohini, an experience that proved to be both challenging and rewarding. The cadets engaged in a range of rigorous training activities designed to enhance skills in leadership, discipline, and teamwork.

Sports

Harjas Singh of Grade IX bagged the Gold Medal at the CBSE Cluster Taekwondo Championship.

Nitya Gupta of Grade XI brought home the Bronze Medal in the CBSE Cluster Judo Championship.

Chitra Sharma has qualified for National Games as well as the CBSE National Championship after winning Silver Medal in the CBSE Cluster Judo.

Bagpiper Band Girls Team of KIIT clinched the first position at the Zonal Athletics meet.

Quizzing

Rubani Kaur, Aradhya Garg, Kavya Sethi, and Arunya of Grade V emerged as the winners of the Quiz Competition at the HT LitFest Preview 2024.

Shaurya Harish Dhupar and Pratik Vijay of Grade X secured the first position in the Senior Category of Bharat ko Jano Quiz organised by Bhartiya Vikas Parishad.

Aesha Kashmiri, Rishit Gandhi of Grade XII & **Shaurya Harish Dhupar** of Grade X came first in the L B Memorial Inter-school Quiz Competition held at Yuvashakti Model School.

Our students shone at **ComAstitva 2024**, organised by Delhi Public School, R.K. Puram, Delhi, bagging 1st Prize in Strategic Showdown & 2nd Prize in Quizonomics categories.

Aesha Kashmiri of Grade XII and **Tanisha Vig** of Grade IX secured 2nd position and a cash prize of Rs. 25000/- at the Vigilance Awareness Inter-School Quiz Competition, organised by Indian Oil Corporation at SCOPE Auditorium, Delhi.

Tribute to Utkal Kesari

In a tribute to Utkal Kesari, the **Honourable President of India, Droupadi Murmu**, inaugurated an exhibition on **Shri Harekrushna Mahatab** on his 125th birth anniversary at Vigyan Bhavan. Our teachers attended the prestigious event, where **Shri Gajendra Shekhawat**, Minister of Culture and Minister of Tourism. **Shri Dharmendra Pradhan**, Minister of Education and the Chief Minister of Odisha highlighted Shri Mahatab's contributions to the nation and Odisha's development. A commemorative coin, stamp, and books were released in his memory. A commemorative coin, stamp, and books were released in his memory.

ICAR: Agri-sector in the spotlight

Forty students visited the ICAR Foundation for Technology Day at the National Agricultural Science Complex. The event, inaugurated by **Shri Shivraj Singh Chauhan, Minister of Agriculture and Farmers' Affairs**, showcased advancements in agricultural technology, including agri-robots, wastewater management models, and drone applications in farming. Students explored diverse exhibits, including an array of banana and mango varieties, and participated in a career guidance session detailing ICAR courses and opportunities in agriculture. The visit inspired students to consider innovative and sustainable practices in farming and broadened their understanding of the agri sector's potential.

Meeting the ISRO Chief

When our students headed to the Nehru Planetarium to learn about space and the universe, they were thrilled to interact with one of India's top space scientists and hear about the country's amazing achievements, especially the successful Chandrayaan-3 mission.

Meeting **Mr. S. Somnath, the Chairman of ISRO** and **ISRO scientist Mr. Abhinav Shukla** sparked their interest in astrophysics. The planetarium also offered interesting displays on planets, stars, and other cosmic wonders. To mark National Space Day, the students also took part in a fun activity where they created a model of a moon colony.

Experiential learning at the Jim Corbett National Park

Students of grade IX to XI visited Jim Corbett Park and Nainital in Uttarakhand for an experiential learning exercise built around holistic development and meaningful connections among students. In addition to enhancing knowledge, the trip provided a refreshing break from their busy routines, enabling them to return with renewed energy, focus, and enthusiasm.

The rich biodiversity of the sanctuary and tranquil Nainital, students gave our students a rich appreciation of nature and its intricate ecosystems. These explorations encouraged a sense of responsibility toward environmental conservation, while learning independence, teamwork, and resilience.

FESTIVALS

Christmas

Santa on a class tour
delighted all the children!

Gurpurab

Celebrating Gurpurab with
devotion and selfless service.

Diwali

Coming together for India's
best loved festive traditions.

Dussehra

Dussehra marked the
tradition of righteousness.

Independence Day

We unfurled the tricolour
with great pride!

Baisakhi

Cultural performances added
color to the festival.

Rakhi

We celebrated as one family,
across one and all.

Janamashtmi

Colourful festivity on Lord
Krishna's birth.

KIIT'S Got Talent: Showcasing Student Talent

The first-ever "KIIT's Got Talent," provided students with the platform to showcase their incredible skills from poetry to human calculator feats and Rubik's cube solving. Our esteemed panel of judges comprising versatile alumni - **Ritik Arora, Ananya Aneja, Kareena Wadhwa, Shaurya Kashmiri** - mentored our students.
